RE: South Carolina Office of Regulatory Staff's Motion to Solicit Comments from
Utilities and Other Interested Stakeholders Regarding Measures to be Taken to
Mitigate Impact of Threats to Safe and Reliable Utility Service;
Docket No.: 2021-66-A

Dear Ms. Boyd:

As you are aware, the Commission opened the above-referenced docket relating to a request from Governor Henry McMaster for ORS to undertake a comprehensive review of the State's public and private power grid in order to evaluate its ability to withstand potential ice storms and other dangerous winter weather conditions.

By this letter, I am writing to inform the Commission and the parties of record to this proceeding that the S.C. Office of Regulatory Staff ("ORS") and the third-party consultant Guidehouse, Inc. ("Guidehouse") held a webinar on Friday, January 14, 2022 with utilities and other interested stakeholders to discuss the analyses, assessments, findings, and recommendations contained in the final report issued by ORS and Guidehouse. The links to the final presentation and recording are now posted to the ORS website [here](#).

- [Recording](#)

By copy of this letter, I am serving all parties of record in this docket. Thank you for your attention to and assistance with this matter.

Sincerely,

s/ Nicole M. Hair
